

LED Street Light Retrofit

We are proud to announce that we have the Canadian distribution rights to a revolutionary High Powered LED light bulb. (LED's by CREE)

We can retrofit all current Cobra head style light fixtures and some flat top fixtures.

Going LED saves you money 3 ways.

1. Less energy to light the roadway. 35 watt LED = 150 watt HPS.
2. Less maintenance. LED bulb last approximately 50,000 hours.
3. You do not have to buy a new light fixture and dispose of your current one.

Features:

- Direct retrofit into standard Cobra Head fixture
- High Energy Efficiency
- Consumes only 35 watts
- Easily replaces 75 to 150 watts HPS
- 5 year standard warranty

Specifications:

Model No.	Operating Voltage	Wattage	Power Factor	THD	Luminous Flux	Luminous Efficiency	Color
SP90	120V	35 watts	>.95	<20%	1836.6 lm	56.2lm/w	6114K
